Transportation Options for Cadets

Public transportation to/from Lexington is limited. Cadets and parents must plan ahead to arrange for transportation to leave VMI, meet outgoing flights or to return to Barracks on time. VMI does not provide transportation for outgoing cadets nor pickup of returning cadets. However, Cadet Life sponsored airport shuttles may be available when posted on the VMI Ride Share web site - http://www.vmi.edu/rideshare

New Cadets can discuss transportation options with other cadets from their hometown area as well as get advice from their Dykes on traveling to an airport or another city. For most New Cadets, Thanksgiving Furlough will be the first time such transportation is needed. The VMI Ride Share web site can also be used to find rides.

Remember to check the most current VMI calendar before purchasing non-refundable airline tickets as the schedule does change. Also, New Cadets are not permitted to leave early or return late at furlough times without prior permission of the Commandant of Cadets.
