

2009/2010 ACADEMIC STANDARDS

VIRGINIA MILITARY INSTITUTE

Standards for Continued Enrollment: A cadet in residence must meet **three** academic standards during each academic year in order to be eligible for return for the following semester.

- 1) A cadet must pass a total of at least 24 **new** semester hours during the Fall 2009 semester, the Spring 2010 semester, and the 2010 summer session. Hours passed prior to matriculation do **not** apply towards the 24-hour requirement. Exception: Hours passed with a C or better during the 2009 VMI Summer Transition Program apply towards the 24-hour requirement for new cadets. Hours that are passed and later repeated are only counted during the semester in which they were originally passed.
- 2) A cadet must also have the grade point average as shown in the table below.
- 3) A cadet must pass the cumulative hour requirement for his/her class as shown in the table below.

MINIMUM STANDARDS - BY CLASS

Class	To Return in August		To Avoid Academic Probation for Fall Semester		To Avoid Academic Probation for Spring Semester	
	GPA	HRS	GPA	HRS	GPA	HRS
Fourth	N/A	N/A	N/A	N/A	1.5	N/A
Third	1.5	24	1.8	24	1.8	24
Second	1.8	52	2.0	58	2.0	58
First	2.0	80	2.0	87	2.0	87
Fifth Year	2.0	108	2.0	108	2.0	108

NOTE: A major GPA of 2.00 is a graduation requirement beginning with the matriculating class of 2010. Cadets may be placed on academic probation as a result of a major GPA below 2.00, at the discretion of the department head of the cadet's major.

Readmission:

- a) Cadets who resign from VMI or are suspended for any reason must apply for readmission by June 1 for the Fall semester, and November 1 for the Spring semester. For additional information on readmission, visit VMI's website : http://www.vmi.edu/Registrar.aspx?id=9213&ekmense1=fb5d653b_341_347_9213_8
- b) Cadets must meet the readmission standards as shown on the table that follows.
- c) Class assignments for readmission will be based on the total hours passed towards graduation. Cadets must meet the academic standards of the assigned class thereafter.
- d) Cadets readmitted for the Spring semester must pass at least 12 hours during the spring semester and following summer, in addition to the GPA and cumulative hour requirements, in order to return for the fall semester.

MINIMUM ACADEMIC STANDARDS FOR READMISSION

<u>Semesters Completed at VMI</u>	<u>Hours Passed Towards Graduation</u>	<u>Cumulative GPA</u>
One	12	1.5
Two	24	1.8
Three	36	1.8
Four	58	2.0
Five	70	2.0
Six	87	2.0
Seven	99	2.0
Eight	108	2.0
Nine	120	2.0

Correcting Deficiencies: A cadet who wishes to improve his/her grade point average and/or cumulative hours towards graduation should consider the following:

- a) **To raise cumulative GPA:** The best way to raise a grade point average is to attend the VMI Summer Session or another college and repeat failed courses. Repeating courses in which a "D" grade was received will also improve the grade point average, but will not increase the hours passed. New courses taken at another college will not affect the grade point average.
- b) **To raise number of hours passed:** This may be done by attending VMI Summer Session or by attending another college and taking new courses or repeating courses failed at VMI. Repeating courses in which a "D" grade was received will not raise hours passed.
- c) **Before taking courses at another college:** Approval to substitute courses taken at another college for VMI courses must be obtained in advance from the heads of the departments in which the VMI courses are taught, the department head of the cadet's major, and the Registrar's Office.
- d) **Transfer credit from another college:** Transfer hours from another college are accepted only if the grade earned is a "C" or better. GPA does not transfer.

Dismissal: A cadet who receives as second academic suspension is **dismissed** from VMI.

R. W. Schneider, Brigadier General
Deputy Superintendent
