How will the new policy improve safety?

The clear bags are more easily and quickly searched. Limiting the size and style of bags carried into Foster Stadium will improve safety

and will streamline the entry process. Fans carrying bags not meeting the criteria above will be instructed to return the bags to their vehicles.

How will this policy make fans' experience more convenient?

The new bag policy will enable staff to move fans through check-points faster. It will allow staff to be more efficient and effective in

checking bags brought into Foster Stadium. Fans will spend less time standing in lines and more time in the stadium enjoying the game.

How many bags can individuals bring into the stadium?

One large clear bag—either a one-gallon freezer bag or the 12" by 6" by 12" clear bag—plus a small clutch, which allows privacy for small personal

items. Each member of a family, including children, would be allowed to carry an approved clear bag and a clutch purse into the stadium.

Can fans carry cameras, binoculars, or other items separately?

Yes. Binoculars, phones, cameras, and other items can be carried into the stadium. The new policy only restricts the type of container in which items are carried. It is

not a restriction on items that fans may bring into the stadium. As always, alcohol and weapons are strictly prohibited.

Do I have to put everything I'm carrying into the permissible bags?

No. The policy limits only the type of bags carried into the stadium. It does not restrict items that you normally bring to a game. You can carry items in your pants or jacket pockets, including keys, makeup, feminine products,

phone, wallet, credit cards, and other small items. You can carry a blanket over your arms, and binoculars and/or camera around your neck or in your hands without the case.

Are there any exceptions to this policy?

Exceptions will be made for necessary medical equipment carried in specialized containers.

Other rare exceptions may be made based on the discretion of staff at check points.
