PERSONNEL CLEARANCE PROCEDURES

The following procedures detail the responsibilities for departing employees, other VMI affiliated individuals (to include ROTC personnel), and their supervisors to provide timely notification of separation from employment, return all Institute property, and terminate VMI computer accounts and facilities access. Timely notification is essential to prevent payroll errors, loss of equipment and other VMI property, and unauthorized access to VMI computer systems and facilities.

1. APPLICATION
These procedures apply to all full-time VMI employees, part-time VMI employees with access to Institute resources (keys and access cards, data/systems, equipment, etc.), and any VMI-affiliated individual with a VMI computer account (Colleague and/or e-mail) or VMI ID card providing facilities access. The procedures do not apply to contractor employees or employees of the VMI Alumni Agencies and the Marshall Foundation who do not have VMI computer accounts or ID cards providing facilities access, and part-time employees without access to Institute facilities and resources.

2. NOTIFICATION OF SEPARATION FROM VMI
As soon as the immediate supervisor learns of the departure or planned departure of an employee or other individual covered by this policy, the supervisor must send (either electronically or by fax) the “Exit Alert” form (Attachment 1) to the Human Resources Office. This form is important to ensure the departing employee is not paid beyond his or her separation date and to end the employee’s computer accounts (Colleague and/or e-mail) and facilities access.

In the event the employee or other individual covered by this policy has abandoned his or her position (failed to report to work) or has resigned by telephone or mail, the supervisor must complete the Exit Alert form immediately and the Supervisor’s Employee Separation Checklist (discussed in paragraph 4 below) as soon as possible. Supervisors of part-time employees that do not have computer accounts or facilities access are not required to complete the “Exit Alert” form.

3. RESIGNATION LETTER (VMI Employees only)
The immediate supervisor will ensure the employee completes a letter of resignation. The supervisor will accept the resignation in writing and forward the letter and acceptance to the Human Resources Office, with a copy to the Department Head. Typically, a letter of resignation is required before recruitment may begin for an anticipated vacancy.

4. OUT-PROCESSING FORMS (VMI Employees only)
   A. Separation Checklist (for the Individual)
      The supervisor will provide the individual with a copy of the Separation Checklist, printed from the Human Resources Office webpage or obtained from the Human Resources Office. The individual is responsible for completing the checklist. Part-time employees with
access to Institute resources will clear through the immediate supervisor or Department Head. Full-time employees will clear through the immediate supervisor and the Human Resources Office.

The employee should contact HR as soon as possible. In the event that an individual has departed and will not return to VMI to out process, the supervisor will complete the Separation Checklist (for the Supervisor) as soon as possible and send the completed form to the Human Resources Office.

B. Separation Checklist (for the Supervisor)
The Employee Separation Checklist (for the Supervisor) serves as a reminder of the supervisor’s responsibility to recover VMI property and terminate the departing individual’s access to VMI electronic systems and facilities. When the out processing actions are complete, the supervisor will sign the form and send it to the Human Resources Office.

C. Exit Interview Form (for employees only)
The supervisor will provide the departing employee with a copy of the Exit Interview Form. The completion of the form is voluntary. The Human Resources Office will also offer a copy of the form to a departing employee. In the case of an employee who has already departed, the Human Resources Office will mail a copy of the form to the former employee. The form may be returned to the HR office either by mail or in person.

5. RESPONSIBILITY (all employees and individuals covered by this policy)
A. Immediate Supervisor
It is the responsibility of the immediate supervisor and the Department Head to report the planned separation of an individual or actual separation of an individual to the Human Resources Office immediately upon knowledge of the planned separation. Failure to report termination/separation of employees may require the responsible supervisor/Department Head to be held responsible for property replacement costs, unauthorized charges, and unpaid obligations to VMI of the separated individual. Human Resources will report supervisors who fail to properly out-process subordinates on a timely basis to their Deputy Superintendent and the Institute Planning Committee.

B. Human Resources
It is the responsibility of the Human Resources Office to enter into the Datatel Colleague system, within 72 hours of receiving the notification, the individual’s separation date and account lock date. The Colleague system will disable the individual’s account as needed. The Human Resources Office also will destroy any VMI ID card issued to the individual and ensure the individual no longer has access to VMI facilities.

C. Information Technology
It is the responsibility of the Information Technology Office to execute a “mass cleanse” report at the end of each semester, showing all employees currently listed on the Institute’s payroll. After the report is reviewed by the Human Resources Office, all employees that have not received a payment within six months will be removed from the system. This
action aims to remove those part-time employees without access to VMI resources that have left their position after their period of temporary employment.

D. Commandant’s Office
It is the responsibility of the Commandant’s Office to notify the Human Resources Office of the resignation of any Tactical Officer or Officer-in-Charge from his/her duties with the Commandant’s Office. The employee may not be leaving VMI, but it is essential to end the pay supplement for the additional duties before overpayment occurs.
