

Microsoft Campus Agreement - Operating System and Software

New computers purchased from the VMI Dell premiere page are preloaded with VMI licensed Microsoft Operating System. You must read and agree to the document before placing your order with Dell or Apple. Once the cadet has their VMI email address, Microsoft Office Suite can be installed on the computer.

If you have purchased a laptop through Best Buy, Costco, Wal-Mart, etc. and have purchased an extended warranty as well, the end user will need to contact the appropriate retailer for service.

The operating system and Office Suite hereafter referred to as Software.

Software is made available to you because Virginia Military Institute has purchased license coverage for the Software through Microsoft Campus Agreement Subscription Student Option. VMI is extending to you the right to use the Software on a personally-owned computer or an institution-owned computer designated for your exclusive use. You do not own the license, however the software can be installed on multiple machines, up to 5. You are authorized to use the Software and any associated media pursuant to the terms and conditions of the license(s) granted to VMI for the term of the Campus Agreement Subscription.

After departing VMI access to the Software will no longer be available.

You are granted the right to use the following Software per the terms of the Campus Agreement Subscription Student Option. **Microsoft Office does NOT come pre-installed on the VMI recommended laptop.**

- **Dell Laptop**
 - Office 365 Professional Edition, which includes:
 - Word
 - Excel
 - PowerPoint
 - Access
 - Outlook
 - Publisher

- **Apple Laptop**
 - Office 365 for Mac which includes:
 - Word
 - Excel
 - PowerPoint
 - Outlook

I am currently, or have been accepted as, a cadet at Virginia Military Institute, and agree to the terms and conditions in this document.
