

Preface

The Virginia Military Institute's Fact Book is compiled by the Office of Institutional Effectiveness (OIE). The Fact Book continues to provide reliable statistical data and summary information designed to answer the most frequently asked questions about VMI. The Fact Book is based on sound institutional research and serves as a good first point of reference for institutional assessment, self-study, and planning. In total, this fact book provides the institutional profile as of Fall 2024 for a limited number of frequently requested data points. OIE would like to sincerely thank everyone who provided data, information, and suggestions that contributed to the improvement and integrity of the Fact Book. This publication is reflective of the collaborative nature of our Post community and its dedication to engagement.

Mission and Vision

Mission

Virginia Military Institute believes that the measure of a college lies in the quality and performance of its graduates and their contributions to society.

Therefore, it is the mission of Virginia Military Institute to produce educated, honorable men and women, prepared for the varied work of civil life, imbued with love of learning, confident in the functions and attitudes of leadership, possessing a high sense of public service, advocates of the American Democracy and free enterprise system, and ready as citizen-soldiers to defend their country in time of national peril.

To accomplish this result, Virginia Military Institute shall provide to qualified young men and women undergraduate education of highest quality — embracing engineering, science, and the arts — conducted in, and facilitated by, the unique VMI system of military discipline.

Vision

To be the premier small college in the nation, unequaled in producing educated and honorable citizen-leaders, with an international reputation for academic excellence supported by a unique commitment to character development, self-discipline and physical challenge, conducted in a military environment.

SCHEV's Definition of URP

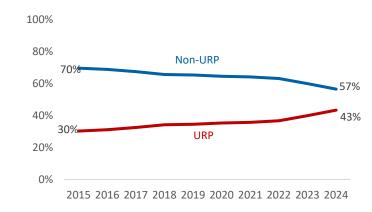

A URP cadet meets one or more of these criteria:

- Non-white US citizen and permanent residents.
- Degree-recipients receiving Pell grants at any time during the five years prior to degree award.
- Non-traditional students: age 25 or older at entry.
- Students from 34 Virginia localities with low associate and baccalaureate attainment rates (next slide).

Tuition and Fees

Explanation of Fees

Housing and Food (Room and Board)

Housing and Food are required since all cadets live in barracks and are provided 21 meals per week.

Auxiliary Fees

Costs of medical services, cadet facilities, and activities.

Quartermaster Charges

Covers haircuts and uniforms. Uniforms are state property and must be returned to the Institute. Qualified cadets enrolled or under contract in the ROTC program receive a uniform allowance directly from the federal government which helps defray the cost of cadet uniforms.

Deposit

The Deposit covers property damages, lost property, and unpaid obligations to VMI. The deposit shall equal \$300 and be paid by all incoming and returning cadets. VMI returns this deposit, less any deductions for damages or unpaid obligations and without interest, upon graduation of the cadet or the termination of the cadetship.

Health Insurance

Health Insurance is a required fee for all International cadets. The amount included is an estimate for the 2024-25 academic year. Please contact the Office of International Programs for specific coverage information.

Direct Costs

Direct Costs include VMI billable expenses. Tuition, fees, housing, and food are VMI's Direct Costs.

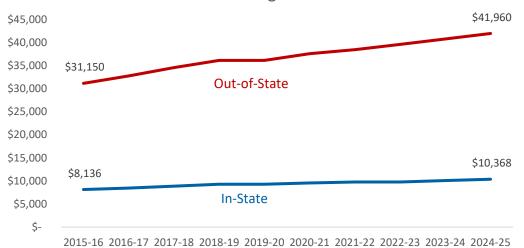

Indirect Costs for 2024-25

In-state cadets should plan on \$3,350 in Indirect Costs. Indirect Costs include other expenses you may incur, including approximately: \$1,200 books, source materials, supplies and equipment; \$1,700 personal expenses (potential loan origination fees); and \$450 transportation.

Out of state cadets should plan on an estimated \$4,300 in Indirect Costs. Indirect Costs include other expenses you may incur, including approximately: \$1,200 books, source materials, supplies and equipment; \$1,700 personal expenses (potential loan origination fees); and \$1,400 transportation.
